EDUCATION

Budge Budge Institute of Technology College <i>B.Tech in Computer Science and Engineering - CGPA – 7</i>	08/2021 – present <i>Budge Budge India</i>
West Bengal Council of Higher Secondary Education <i>Higher Secondary - Percentage – 69</i>	04/2022 <i>Batanagar, India</i>
West Bengal Board of Secondary Education <i>Secondary - Percentage - 74%</i>	04/2018 – 07/2020 <i>Batanagar, India</i>

PROJECTS

ChatBook - Real-Time Chat Application 🌐 🌐 03/2025 – 06/2025

- Tech Stack: MERN (MongoDB, Express.js, React.js, Node.js), Socket.io, WebRTC, Redux, Cloudinary, JWT, Crypto
- Developed a full-featured real-time chat web application using the MERN stack with Socket.io integration.
- Implemented WebRTC-based video calling for seamless peer-to-peer communication.
- Built secure authentication and authorization using JWT tokens and protected routes.
- Enabled end-to-end encryption (E2EE) for private messaging using Node's Crypto module.
- Integrated Cloudinary for efficient media/file upload and download functionality.
- Used Redux for scalable and predictable state management across the application.
- Implemented debounce logic to optimize API calls during search operations.
- Applied lazy loading to improve application performance and initial load time.
- Added status update and view feature similar to popular messaging platforms.

Currency Converter - 🌐 🌐

- Currency Converter – Real-Time Exchange Rate App
- Tech Stack: React.js, JavaScript, REST API, Tailwind CSS
- Built a real-time currency converter web application using React.js and Exchange Rate API.

SKILLS

- | | | | |
|---------------------------------------|-------------------------------------|----------------|-------------------|
| • Data Structures & Algorithms in C++ | • Database Management System (DBMS) | • OOPS Concept | • Web Development |
|---------------------------------------|-------------------------------------|----------------|-------------------|

TECHNICAL SKILLS

Languages: JavaScript, C++,

Frameworks : ExpressJS, Tailwind CSS

Library : ReactJS

Database : MongoDB

Tools : Git, GitHub and **Runtime environment :** Node.js
